

RUSSIAN LOSS OF ONE THOUSAND MEN.

Troops of the Czar Make Disastrous Attempt to Recapture Mottien Pass from the Japanese.

MIKADO'S MEN WIN A VICTORY

Although Surprised in the Dark and Driven Back They Recover Lost Ground and Drive Enemy Away With Heavy Losses.

Tokio, Japan, July 19.—At 6 o'clock Sunday morning, a heavy fog veiling their movements, two divisions of Russians, commanded by Lieutenant General Kuroki, made an assault on the Japanese positions at Mottien pass. General Kuroki says that the Russians assaulted all the Japanese positions at Mottien pass and in its vicinity desperately. The Japanese resisted stubbornly, repulsed the Russians and pursued them for a considerable distance westward.

St. Petersburg, July 19.—General Kuroki reports that Lieutenant General Count Keller lost over 1,000 men killed and wounded in the attack on Mottien pass. The Russian and Japanese forces which are lined up expecting a clash grappled in a serious fight Sunday morning, according to a report from General Kuroki, received here late last night. The report indicated that the Japanese misinterpreted the movement and that instead of being an attempt to take Mottien pass, it was a reconnaissance on a large scale.

General Count Keller's account of the fighting does not especially state the number of men engaged, though it shows that the Russian main advance consisted of 15 battalions, with considerable reserves, three battalions of the latter being called up during the course of the battle, while still others were not utilized. An important fact developed by the reconnaissance was the exact location of a powerful Japanese force secreted in the region between Pen-shui and Mottien passes. Its strength is indicated by the fact that 21 battalions were insufficient to permanently force the Japanese positions, though some of them were occupied temporarily. On the other hand, it would appear from the report that the Japanese were either disintegrated or unable to follow up Lieutenant General Keller when he retired to his former position at Ishavuan.

Berlin, July 19.—The German government has taken a prompt and a firm stand in regard to the seizure of the mails of the North German Lloyd steamer Prince Heinrich by the Russian volunteer fleet steamer Smolensk, July 15, having entered a protest against the carrying off of the mails and asking for a disavowal of the Smolensk's action and the return of the captured mail sacks. The German government, the foreign office says, recognizes the right to search mails when on board the vessel itself, but claims the Smolensk had no right to take off mails in bulk from the vessel. The further argument is advanced that the right of search can only be exercised by a warship, whereas the Smolensk, a Russian volunteer fleet steamer, is not a warship. The German government has not taken a positive stand on this last point, but leaves the question for future discussion and settlement. No answer has yet been received from Russia.

Aden, Arabia, July 19.—The British steamer Persia was seized by the Russian volunteer fleet steamer Smolensk, which transferred to the Persia a portion of the Japanese mails seized on the North German Lloyd steamer Prinz Heinrich July 15. The Smolensk confiscated two bags of the Prinz Heinrich's mails destined for Nagasaki.

MEETING OF CHIEFS.

Democratic Leaders Hold Important War Council at New York Hotel.

New York, July 19.—Leaders of the Democratic party conferred for more than two hours last night in the rooms of former Senator Hill at the Hoffman house and at the close made public a statement to the effect that the chairmanship of the national committee had not been discussed. Privately it was said the judgment of all present was that the success of the party would be best conserved by leaving the committee absolutely free to elect its chairman. Judge Parker was said to favor this course. The conference resulted in an agreement to call a meeting of the national committee to be held at the Hoffman house on July 26. The question of fixing the time and place for the nomination of the candidates for president and vice president was left to the candidates themselves.

Present at the conference were the leaders who brought about the nomination of Judge Parker. There were also present Senator Victor J. Davis of New York, who looked after the Tammany interests. Everyone declared that harmony had been the watch word throughout. The conferees were former Senators D. B. Hill of New York, James Smith, Jr., of New Jersey, Henry G. Davis of West Virginia, candidate for vice president; Edward Murphy of New York, Senator Gorman of Maryland, William F. Sheehan of New York, Cord Meyer, chairman of the New York state committee; John W. Kern of Indiana, Colonel James M. Guffey of Pennsylvania, Senator McCarran of Brooklyn, James M. Head of Tennessee; Norman E. Mack of Buffalo, Perry Belmont and August Belmont of New York, Thomas F. Ryan of Virginia, Senator J. K. P. Hall of Pennsylvania, and John R. McLean of Ohio. The statement issued concerning the conference follows:

Colonel Guffey presided. The gentlemen met primarily for the purpose of meeting Senator Davis of West Virginia, candidate for vice president. There was also a general discussion as to the favorable prospects of the party in the coming campaign. Mr. Davis engaged in the discussion of all topics before the conference, but in no more personal vein than others in attendance. His most significant statement was in relation to the making of all interests. The gathering of so many strong men representing factions which had not always pulled together, he said, was indicative of a strong campaign.

The meeting gave a number of those present the first opportunity they have had of congratulating Mr. Davis since his nomination at St. Louis and the reception accorded him was hearty.

KNOX SEES PRESIDENT.

Important Matter, Considered in Conference at Sagamore Hill.

Oyster Bay, L. I., July 19.—Senator Knox, of Pennsylvania, former attorney general and one of the friends and advisers of President Roosevelt, was a visitor to Sagamore Hill. The president desired to consult him regarding some important matters relating to the campaign and to governmental affairs. The president considered with him some phases of the speech which he is to deliver on the 27th inst. in response to his nomination at the action of the Chicago convention, and of his letter of acceptance of the nomination, which will be issued sometime in August. This was the president's only opportunity to take up this subject with Mr. Knox as the latter will sail for Europe next Saturday on the American liner St. Louis.

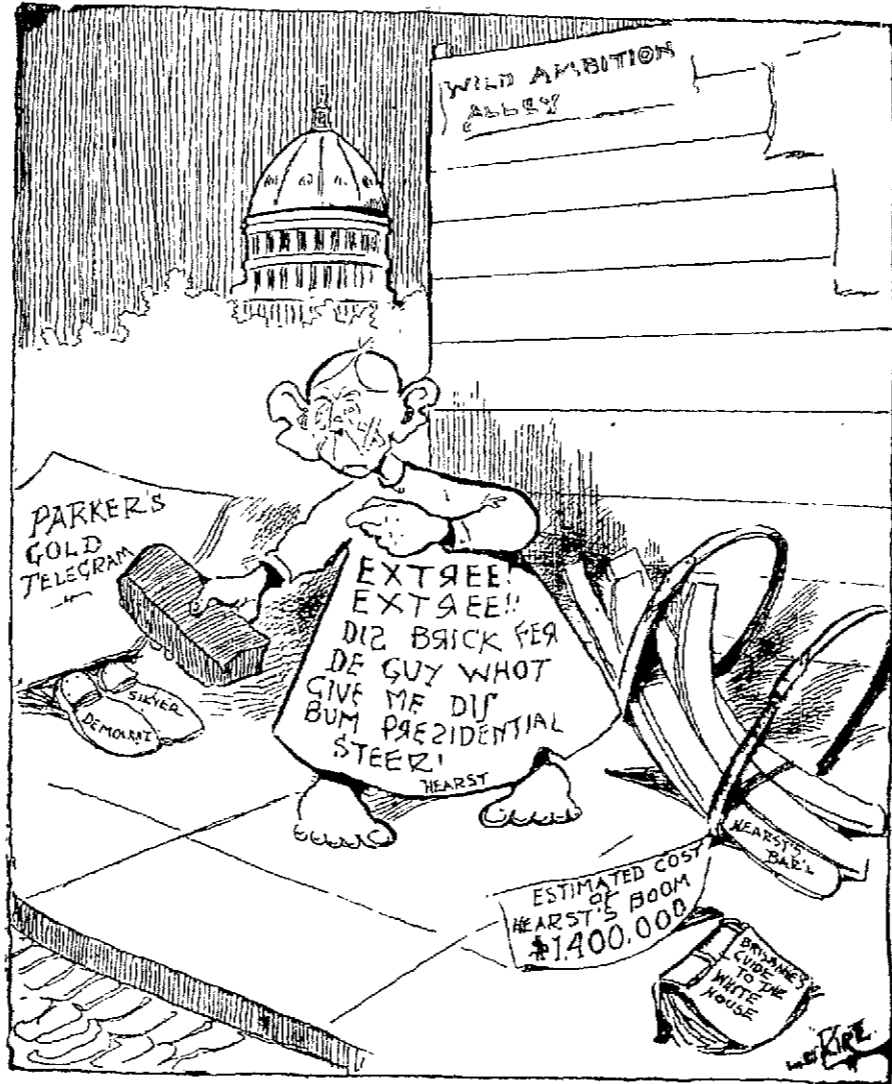

Mr. Knox will take an active part in the campaign and will deliver at least one important speech. One of these will be delivered in his own state at a time and place not yet determined. For the other he will place himself at the disposal of the Republican national committee. It is likely he will deliver other speeches, but the two referred to will be made at the express wish of the president. The president is working daily on both his nomination speech and a letter of acceptance. Several important subjects will be discussed at length in the letter which will not be referred to in his speech. He will deliver no political speeches during the campaign, contenting himself with a statement of his position and of the results achieved in his administration in the letter of acceptance.

WOMAN LEAPS OVERBOARD.

Voyage of Kaiser Wilhelm II Marked by Another Tragedy.

Plymouth, England, July 19.—Tragedy has again marked the homeward voyage of the North German Lloyd steamer Kaiser Wilhelm II. On the arrival of the vessel here, almost at the hour that an inquest was being held over the body of P. Kent Loomis, it was announced that a second-class passenger, Mrs. Lipschitz, had committed suicide by jumping overboard when the ship was one day out from New York.

Hundreds of passengers witnessed the suicide and watched the efforts of a lifeboat to rescue the woman. No trace of the body was found.

AFFIDAVIT OF DEFENSE.

Grows Out of the Sale of Drug Store at Furnace Town.

An affidavit of defense has been filed in the case of T. F. Swaney, now for use of Marie L. McKee, against John M. McKee of Dunbar. This suit grew out of the sale of a one-fourth interest in the drug store at that place to McKee for \$400. Negotiations for the sale of the interest had been pending for some time and finally an agreement was entered into whereby McKee was to have the latest and take charge of the business.

In this way he was expected to at least partly pay for his interest by the profits of the business. McKee at once assumed control and the books were turned over. Some time later he expressed a desire to get out of the business and on representations made by McKee, as to the profits of the store, McKee bought his interest and gave a \$500 check in payment. He says that shortly thereafter he learned that matters were not as represented and he at once notified the bank not to honor the check. The check passed through several hands in Pittsburgh before it was returned to the National Bank of Fayette County, where payment was stopped. It was to recover this that the suit was brought.

SUES FOR INSURANCE.

Fordville Man Seeks to Recover for Loss of Store.

Nathan Hotter of Fordville through Attorney A. B. Jones, has brought suit against the Mercantile Fire Insurance Company of Boston, Mass., to recover \$1,000 with interest. Hotter was the proprietor of a little store at Fordville and on April 2, 1902, took out a policy in the defendant company. On December 15, following, his store was burned and the stock of goods, amounting to between \$5,000 and \$6,000, was damaged to the extent of about \$5,000. He says that he notified the agent of his loss the next day and did all that was required of him but as yet the claim has never been adjusted. Hotter has brought a similar proceeding to recover a like amount of money from the Aachen & Munich Fire Insurance Company of Aix La Chapelle, Germany, in which he also carried a \$1,000 policy.

An hour later his body was recovered some distance down the river. He leaves a wife in the old country.

SHUMAKER ARRESTED

At Newark, Ohio, by Detectives of Baltimore & Ohio Railroad.

HE WILL BE BROUGHT HERE

Tomorrow by Captain Charles Horn, Who Went to Newark This Afternoon for That Purpose—He Is Charged With Forgery.

Harry Shumaker, the Baltimore & Ohio brakeman who escaped from a police station here June 22nd, after being held for court on a charge of forgery, was arrested Monday by Baltimore & Ohio detectives at Newark, Captain Charles Horn, who made the information against Shumaker, went this afternoon to Newark to bring the prisoner here. It is hoped that Shumaker's arrest will clear up the mystery of his escape from the police station here, which is recorded by the officers as somewhat mysterious.

As told in The Courier at the time Shumaker was charged with forgery, a Baltimore & Ohio pay check. The check was made out for J. T. Shumaker, who is no relation to Harry Shumaker, the name being spelled differently. The prisoner had already drawn his time on the railroad. He called at the pay car when it was located at Rockwood and asked for J. T. Shumaker's check, signing for the same. The check, which was for \$47.35, was cashed at the Wright-Meteler store here.

The forgery was discovered as soon as J. T. Shumaker called for his check. Shumaker was arrested here on an information made before Justice of the Peace Frank Miller. The evidence was conclusive against him, and he was held for court. A short time after he was committed to the police station he made his escape. None of the local officers were able to explain how he got out. He was placed in the cell corridor, but was not locked up in a cell. On his arrival here an effort will be made to get a confession about how he escaped.

The deal, which comprises 147,000 acres of choice territory, was closed in New York only a few days ago. On the Osage leases there are now about 200 producing wells, with an average daily output of about 40 barrels each of high grade illuminating oil. The consideration is not made public.

Williams, partners doing business as the Colfax Brick Company, to recover \$500 together with interest from April 15, 1902. It is claimed that on the above date L. H. Leitzel, the general manager of the brick company, executed and delivered a note for \$50 to the Pittsburgh Hot Air Dryer & Construction Company.

PATTERSON'S STATEMENT.

No Charge Was Preferred Against George Ponker, a Slav.

George Ponker, the Slav who threw stones through a car of the Pittsburg, McKeesport & Connellsville Railway Company at Murphy's siding Saturday night, and who was locked up in the police station, was released because no charge had been entered against him. Burgess Patterson said to a Courier reporter this morning: "At the Sunday morning court I found no charge entered against Ponker. I asked him what he was arrested for and he said 'too much drink.' I fined him \$5 or five days, and after he was sent back to a cell he dug up the five and was released. I took the police to task for not seeing that a charge of some sort is entered up against every prisoner. Had I known that the officials of the P. M. & C. wanted Ponker, I would have held him."

Chief of Police Rotler, whom Donnelly notified to hold Ponker, was not present at the hearing, and Ponker was gone when he arrived. Another officer whom Donnelly told to have Ponker held forgot to mention the matter to the burgess. That's the reason why Ponker is now at large. The information against him is still standing before Squire Miller, and he will be severely dealt with if apprehended.

KISSNER SET FREE.

Young Brownsville Boy Who Killed a Man Returns Home.

Instead of being sent to the penitentiary for killing Edward Wilmer with a stone last Tuesday during a quarrel in the Big Four construction camp at Greensburg, Ind., William Kissner, aged 14 years of age, was Sunday night sent back to his home at Brownsville, Pa.

The boy was given a preliminary hearing before Mayor Northern and it was found that there was not enough evidence to warrant his being held to await the action of the grand jury. He was released and before he left the court room enough money had been raised by popular subscription to pay his way back home. He left at once. The boy pleaded self-defense in striking Wilmer and declared he had not the slightest intention of killing him or even inflicting a serious wound. He seemed much distressed over the death of Wilmer.

Kissner ran away from home several weeks ago with the intention of visiting the World's Fair at St. Louis, but his money was exhausted when he got to Greensburg, Ind., and he went to work as a water carrier to earn more. Young Kissner comes from a prominent family at Brownsville. He arrived home today.

JOHNSTOWN WON.

Defeated Uniontown Elks at Dawson Monday Evening.

Dawson, July 19.—The Johnstown base ball team headed by Jack O'Brien, who didn't play owing to a sprained ankle, trimmed the Uniontown Elks team at the Cochran Driving park yesterday afternoon by a score of 5 to 4. The game was not as close as the score indicates. Johnstown could have walked away with the game at any stage, but they wanted to give the spectators a run for their money. They had 16 hits off Patterson, while Uniontown was allowed 9 off Riley, who pitched for Johnstown. The umpire to make matters easier for Uniontown gave them all the close decisions and awarded several foul balls as fair to the Fayette county boys. One of these was a home run credited to George Wilmer. No effort was made to field the ball but "Bul" gutted around the bases as though his life depended on the score. A crowd of about 500 persons turned out to see the game.

PEACHES WILL BE HIGH.

Indications Now Are for One-Half to Three-quarters of Full Crop.

Washington, July 18.—While it is yet too early to make an accurate forecast, the outlook for peaches on the Chesapeake Peninsula, which includes the heavy producing districts of Delaware and the Eastern Shore of Maryland, is for about half of three-quarters of a full crop, according to advices received by the Bureau of Plant Industry of the Agricultural Department up to July 15. The trees came through the winter in excellent condition and blossomed heavily in almost all parts of the region, but the late frosts did much damage. Much depends on the weather over the remainder of July. If wet there is likely to be a considerable diminution of yield and lowering of quality.

Burgess Patterson's Court.

Two common drunks were disposed of before Burgess C. W. Patterson this morning. They were given the regulation fine. A colored girl, arrested last night by Patrolman Thomas McDonald, was fined by the burgess.

Firemen's Dance.

The Connellsville Fire Department will give a dance in Soisson park this evening. Kitterle will furnish music. A big attendance is expected.

THE COAL TRADE SLOW, TOO.

Coke Made There Not as Good as Connellsville Product and Coal Productions in That District Is Much Greater Than Demand.

The coke business is bad in the Connellsville region, but it is not to be compared with that in the Fairmont district of West Virginia. Practically that whole district is out of blast. The ovens are banked down tight and the skies are clear of their smoke. At some of the mines close to Fairmont, owned by the Fairmont Coal Company, where strings of ovens were built several years ago, slack from the bank has been dumped down over the walls of the ovens and they have been completely buried. The mines and ovens between Fairmont and Morgantown are experiencing the same dull conditions. Between Fairmont and Clarksburg there are something like 30 or 35 mines. In the territory between Fairmont and Grafton there are also a number of mines. Steady time is not being made at any of them regularly. Some of the larger mines, where the expense of operation is practically as great as it is when the mine is lying idle, are making good time, but the smaller pits where the idle expenses is light are shut down.

The Fairmont Coal Company is doing about the whole business out of the Fairmont district. The small operators can not stand their competition when the prices begin to drop. It is not that the big company cut prices, but they are in a better position to quote prices than the little fellows when the latter begin to shade figures in order to get business. In the Fairmont, and in fact most of the West Virginia coke trade, there is little business just as soon as the market staginates and becomes dull. The exceptions are to consuming points where freight rates give the West Virginia product a big handicap over the Connellsville region fuel.

BRIDGE NEARLY COMPLETED.

Chainwork Structure Will Be Ready for Use in a Short Time.

County Commissioner M. E. Townsend, of Fayette county, was in Greensburg Thursday to arrange a joint meeting with the Westmoreland county board for the purpose of inspecting the new bridge across Jacob's Creek, at Chantown, in Lower Tyrone township. The new bridge, which makes the place of the one broken down by a traction engine early last fall, is now about completed.

George Beatty, the supervisor of Lower Tyrone township, this county, says that he would soon have the approach to the bridge filled up and ready for traffic but that nothing had yet been done on the East Huntingdon side. He says that hundreds of people in that community have been put to a great inconvenience since the bridge has been down and will be glad when it is completed.

MURDER OVER POLITICS.

New Kensington Man Dies from Injuries of a Fight.

Robert McSherry is dead at his home at New Kensington as a result of injuries received in a fight with J. E. Faith on Monday evening. Faith and McSherry were talking politics and drinking in a bar at New Kensington. The argument became heated and a quarrel ensued. The men were parted, but later met and fought on the streets. McSherry was badly beaten, receiving a number of terrific blows on the head. He died in a few hours from the effects of the blows. Faith was arrested and is in jail at Greensburg. McSherry is very connected. He was a cousin of Ex-Sheriff P. F. McCann of Greensburg, Father A. A. Lambing of Scottsdale and Father A. A. Lambing of Wilkesburg. He was a carpenter by trade and formerly lived at Scottsdale.

PLASTER PLANT BURNED.

Entailing a Loss of About \$20,000 at Hopwood.

Uniontown, July 19.—[Special.]—The plant of the Standard Wood Fiber Plaster Company at Hopwood was burned to the ground about midnight last night. The loss is between \$18,000 and \$20,000. The flames were discovered by the superintendent of the plant, William Seiler. It was then too late to do any good in the way of saving the plant. The building was a three-story frame and was erected a year ago last April.

The company carried only \$3,750 in insurance. The plant will be rebuilt at once. The company was just chartered this week at Harrisburg. The owners are S. J. Ingham, John F. Corn, George W. Reynolds and John J. Gibson, all of Uniontown. How the fire started is a mystery.

An Old Soldier Dead. Nicholas Aissinger, an old soldier, died at the hospital at Uniontown Monday from general debility. He was 67 years old and fought under General Sias M. Bailey at Gettysburg and in the Wilderness in the Eighth Pennsylvania Reserves.

FROM NEARBY TOWNS.

SCOTSDALE.

Breezy Paragraphs Picked Up in the MHI Town.

Scottdale, July 18.—A number of Scottdale people visited the reservoir Sunday to see the havoc wrought by the bursting of the wall on Saturday night. They say that the ruin wrought by the mad rush of waters along the Greenlick is simply indescribable. Whole fields of growing corn with the soil were washed away leaving the bare red rock under the soil. Farmers who had wheat on stock lost it in the torrent of water that swept down the valley. The house of Mr. Quier was swept from its foundation and carried down several hundred yards and landed against a big tree. The people along the line having been warned in time escaped to high ground or there would have been loss of life to record. It is believed by parties who visited the reservoir a short time ago, that a big leak that existed then might have caused the break. Another matter that is alleged is the geological formation of the rock, pitching 18 feet in 100 toward the breast of the lower dam and its foundations should have gone several feet below the rock formation as the water went through under.

Messrs. Eugene Keller, Joe Keller, Hon. James Keegan, J. P. Owens, James Horne and others made up a party who left here Sunday evening to attend the B. P. O. E. convention at Cincinnati, O., this week. We understand the party will go to St. Louis to see the sights of the big exposition and will take in the "Pike" as a matter of course.

Mrs. James H. Farley of Pitsburg, came on Saturday evening and will spend a week or ten days visiting her parents, Mr. and Mrs. J. C. Brownfield, and other relatives and friends. She is accompanied by her son, Master Maurice and daughter, Miss Edna.

On Sunday a horse and buggy was hired from Newington's livery and going up the hill in Kingview opposite the residence of John Coyle, the animal staggered, made a few lunges and fell over the side drain and was dead in a few minutes.

A great game of ball is scheduled for Loucks Park on Wednesday afternoon between the Gas men and the Painters of town. The games by the tradesmen of town furnish more amusement for the people than a country circus and no one should miss this one.

The picked nine from the order of Heptasophs and "Reds" and "Blues" tried their skill Saturday evening in Loucks Park resulting in a score of 13 to 7 in favor of the "Reds."

That wonderful undefeated and undefeated "Everson" ball team went to Rutledge Saturday afternoon and defeated their crack-jack team by a score of 11 to 3.

Jesse Berg, a former merchant of town, but now a hotel keeper at Ft. Marion, was visiting his wife's parents Mr. and Mrs. D. V. Bixler, at Everson yesterday and calling on old business friends in town. Jesse looks well and says fishing is good up there.

The Everson school board met on Saturday evening for the election of teachers and a principal for the ensuing school term. The session lasted until midnight and resulted in the election of the following young ladies: Miss Mary Corie, a resident of Upper Tyrone, and Misses Lia Kane and Christie Byrne of the borough. The ladies are all experienced teachers and their election will give general satisfaction. At the election of a prin-

cipal the board again deadlocked, Pritts receiving one vote, Christner two and Marshall of Broad Ford three. Another meeting of the board will be held to endeavor to break the deadlock and elect a principal. Daniel Collins, ex-supervisor was elected janitor of the building on first ballot, over several other applicants. The directors of Upper Tyrone will elect teachers next Saturday evening, the 23rd.

The business men of Scottdale will have an outing picnic at Idlewild on Thursday when all places of business will be closed for the day, business forgotten and all enjoy themselves like boys let loose from school on a holiday.

A goodly number of base ball fans from here went to Dawson to see their old favorite, Jack Maunee and his Johnston club, play the Uniontown Blues. Everybody from here hopes Jack's club will win.

A suit for labor wherein Albert Miller was plaintiff and J. J. Caldwell was defendant, was heard before Justice McLaughlin on Monday afternoon. After hearing all the evidence Justice McLaughlin decided in favor of the plaintiff for the amount of bill less credits.

SMITHFIELD.

Ball Team Won a Splendid Victory from Carmichaels.

Smithfield, July 18.—One of the finest games of ball of the season was played here Saturday the 16 between the Carmichaels nine and the home team and resulted in a victory for the Reds by a score of 4 to 5. The Carmichaels are one of the best teams in this section. This was the second defeat for them this season and was a great surprise to them as they came feeling confident that they would shut Smithfield out. They were accompanied by an enthusiastic crowd of rooters, 22 coming on a hay wagon, 10 of them being ladies. Each of these had a horse fiddle and a tin horn accompaniment and they were no time in trying them. Rooters for Smithfield, Fox and Queniermont; for Carmichaels, Verr and Barkman. The game was called at 2 P. M. with Smithfield at the bat.

Dunbar's Wells Are Going Dry With No Relief in Sight.

BOROUGH TEACHERS ELECTED.

Surprise Party Given at the Country Home of Mr. D. H. Colestock—Picnic from Dunbar to Soisson Park on Friday

Dunbar, July 19.—The people of this town are very much concerned about the condition of the water. Not long since mention was made in these columns of a number of wells going dry. At that time the wells that were failing were dug wells and they are confined with springs to one section of the town. But during the last few days the drilled wells have been failing at various places throughout the town. There are a number of reasons set forth as to the cause and the people are becoming very much alarmed over the state of affairs. The creek water cannot be used for any purpose on account of the filth coming from the coal washes above town. So the people have no where to go only to those who still have water. The town is already threatened with a water famine which also makes the danger of fire much greater for should a fire start now if it was discovered just when it was first started it would be beyond control before any water could be secured. The town is not only practically without water but it would be at the mercy of the flames in case of a fire.

At the regular meeting of the borough school board last night the following corps of teachers were elected to teach the term of 1904-05. Room No. 1, Emma J. Wisart; Room No. 9, Emma J. Wisart; Room No. 10, Emma J. Wisart.

At the beautiful country home of D. H. Colestock there occurred on last Sunday a very pleasant gathering of his friends and relatives. The gathering was not prearranged. Each one present was not aware that they would meet the other at that time and Mr. Colestock was not expecting a large gathering of his friends. But some of those present had brought with them baskets well filled with good things to eat. Instead of emptying them out and spreading them on the table in the customary dinner style they went out onto the beautiful lawn where they in a pleasant and social way enjoyed the afternoon in a pleasant conversation. Those being present were Joseph Colestock of Butler, Mrs. Myra Patterson and daughter Nanette and son Smith of New Haven, Mr. and Mrs. Thomas Alton of Connellsville, Mr. and Mrs. Stewart Speer and Mrs. Cora W. Speer of this place.

There will be a picnic crew go from this place on next Friday to Soisson park South Connellsville. Let everybody current and go and make a pleasant day's outing. While it is the pre-arranged church that is having the picnic it is not confined to one denomination. The others have been invited to join. All are welcome to go that may desire to do so.

John Dowden of Johnstown was in town over Sunday the guest of his parents.

A number of our young people went up in our mountains Sunday taking with them baskets packed with good things to eat. enough to allow them to remain all day. HERO MUCH WANTED.

Walter Strouse Said to Have Died Soldier's Death Alive.

IN TROUBLE AT INDIANAPOLIS.

Arrested There for Forgery and Wanted in Pittsburgh for the Theft of Several Thousand Dollars Worth of Diamonds

Walter Stanton a man with several aliases, arrested in Indianapolis several days ago on a charge of forging a check for \$487.50 on a New Orleans bank, is said to be Walter R. Strouse of Monaca, Ohio, whose family believed him to have been killed in the Russo-Japanese war while serving in the Mikado's army.

Strouse is wanted in Pittsburgh and Superintendant of Detectives, Thomas A. McQuillan sent a telegram to Chief of Police G. L. Kruger of Indianapolis Monday night stating that the local authorities will send for him as soon as the Indianapolis case is disposed of. The hearing in the case is set for July 23. There are two indictments against Strouse in Allegheny county one found Monday by the grand jury charging the larceny of \$3,000 worth of diamonds from Jesse R. Worley, a diamond broker of Fifth avenue. The previous indictment charged the larceny of a \$25,000 diamond from Simon Roll, a retail jeweler.

Superintendent McQuillan received a letter from the Indianapolis chief Monday morning enclosing a photograph of the man arrested there. This was shown to Detective Good and Worley who identified it as being that of the man whom they want.

Worley charged that Strouse secured the diamonds from him and then failed to make any return. Roll says Strouse offered to buy his diamonds and then failed to pay for it. After Worley learned Monday morning that Strouse had been arrested he went before Alderman J. V. McMaher and preferred the charge. The warrant was returned to court and the indictment was immediately found. Application will be made for requisition papers to Governor Pennypacker. A telegram from Monaca, Ohio, says that Strouse's family received a letter from New Orleans about May 1 that Strouse had been killed with the Japanese army while crossing the Yalu river. The letter from New Orleans purported to be written by a federal secret service man who signed his initials only and this enclosed a long letter from Strouse, in which he told the story of joining the Japanese army and receiving rapid promotion.

The letter from New Orleans excited some suspicion as it was written on a sheet of paper torn from a pad and bore no marks that would indicate to an expert.

A special telegram to a Pittsburgh paper from Indianapolis had Monday night says W. S. Stanton alias Hoffmann alias Strouse and other names, is still in the county jail and will be held while detectives endeavor to gather evidence against him. Last Friday night he sent to the Indiana National Bank and presented it as claimed a check for \$487 purporting to be employed in the Government Secret Service. Secret Service Chief Hall went to the bank with the local detective, and secured an affidavit mission they say from him that the letters he had in his possession written to Chief Wilkie of the Secret Service and President Roosevelt were to strengthen his game. The officers have learned that he worked in New York City, Nashville, St. Paul, Ind., New Orleans and San Francisco. Stanton claims he represented the London Graphic in South Africa during the Boer-English war and was also an Associated Press correspondent at Toronto, Canada.

Young Strouse spent a part of his boyhood in Connellsville and attended the public schools here his father being a painter with a shop on North Pittsburgh street. The letter purporting to have contained news of his death in the far east as a soldier of the Mikado was published in The Courier at the time it was received by the young man's family.

The New Haven boys were snowed under by a score of 16 to 5 and it might have been worse had the Cumberland team not been so good. The Cumberland team seemed to be suffering from stage fright and nervousness at the very start of the game. The score was up at a rapid rate.
